Morgan State University Estuarine Research Center 2009 Summer Internship Program located at Jefferson Patterson Park

The Internship Program at the Estuarine Research Center (ERC) located at Jefferson Patterson Park in Calvert County Maryland offers undergraduate and recently graduated students unique hands-on experiences in an environmental research setting. Interns will gain first-hand experience and knowledge of field and laboratory research and project design. During the internship, each student will develop a research project under the guidance and supervision of an ERC faculty research scientist, and present the findings in a mini-symposium at the end of the summer.

For more information about ERC, go to: <http://www.morgan.edu/erc/index.html>.

Eligibility:

This program is open to all undergraduate students and those who recently graduated.

You do not have to be a US citizen to apply, but you do need to have a social security number. Stipends are available for most interns. Deadline for applying is March 1, 2009.

For more information, please contact:

Stella Sellner

Phone: 410.586.9700 x5024

Also check to see if there are fall job opportunities and/or when they will have information for Summer 2010.

Key Dates for the White House Internship program

Summer Internship

- Submission deadline for the Summer Internship Program is **March 22nd, 2009**
- Applicants will be notified if they have been accepted by mid-April
- The Summer Internship program runs from **May 22nd-August 14th**.

Fall Internship

- The application for the Fall Internship Program will be posted in mid-March.

More information on the White House Internship Program, including application instructions, can be found at: www.whitehouse.gov/about/internships

Running Start is accepting applications for their 2009 Young Woman's Political Leadership Retreat. This program also builds self-esteem. ..they do not need to be interested in politics to be chosen to attend!

COST: The program is entirely FREE of charge, and travel scholarships are available to sophomores, juniors and seniors!

WHAT: Running Start encourages high school girls from across the country to channel their leadership into politics. Participants will meet extraordinary women leaders of diverse backgrounds and learn the importance of having more women in political leadership and running for office. EVEN if the girls are not interested in politics, this is a great program way for them to build self-esteem, practice public speaking and learn to collaborate with other young women.

WHO: Open to rising sophomores, juniors and seniors in high school

WHERE: American University, Washington D.C.

WHEN: July 15-19, 2009 (no applications will be accepted after February 16, 2009)

COST: The program is entirely FREE of charge, and travel scholarships are available.

GEORGE WASHINGTON UNIVERSITY Science & Engineering Apprenticeship program (summer) - Applications due: Feb. 27, 2009 - This program places academically talented H.S. students (at least 16 yrs old, sophomores/ juniors) with interest in science & math in Dept. of Defense laboratories for an 8-wk period over the summer. This is an invaluable experience in the world of scientific research, with hands-on exposure to scientific & engineering practices not available in the HS environment. It is a paid apprenticeship (\$2,000) and the students are assigned a scientist or engineer as their mentor. To apply online or get more information about the program: <http://www.usaeop.com>. Students must submit their transcript (minimum GPA 3.0) and teacher recommendation to the program director for consideration and daily transportation is the student's responsibility. Program runs from June 22 - August 14, 2009.

The National Center for Health Marketing's Global Health Odyssey Museum is pleased to offer the 2009 CDC Disease Detective Camp (DDC). DDC is an academic day camp for students who will be high school juniors and seniors during the 2009-2010 school year. Campers will take on the roles of disease detectives and learn how CDC safeguards the nation's health. The camp will be offered twice from June 22-26 and July 13-17. For more info and to apply to go www.cdc.gov/gcc/exhibit/camp.htm. Deadline is April 20.

The American Legion sponsors a week-long summer leadership program called Boys State. This year's program will be held at McDaniel College in Westminster, Maryland from June 21-27. If you are a junior interested in a leadership opportunity see your guidance counselor right away for more information.

The Leadership Center at Morehouse College presents the 2009 Coca-Cola Pre-College Leadership Program. There are 2 programs, one for male students completing their sophomore or junior year, and the other for male students completing their senior year. Applicants must have a minimum 3.0 GPA (on a 4.0 scale). The curriculum focuses on personal and interpersonal leadership skills. The program runs from June 20 to June 26. The cost is \$400.00 and the application deadline is February 20. To apply, go to www.morehouse.edu. Application access is listed under "Events at the Leadership Center."

NASA sponsors the National Space Club Scholars Program, a 6 week summer internship at NASA's Goddard Space Flight Center. It is open to students who will be 16 years old and have completed the 10th grade by June 2009, have demonstrated high academic success, and have an interest in space science or engineering as a career. Applicants must be U.S. citizens. Applications are available in the Career Center or online at www.education.gsfc.nasa.gov/pages/placement.html Apply now! The application must be postmarked by February 17, 2009.

University of Maryland, College Park: Women in Engineering, E2@UMD, July 12-18 or July 19-25; rising juniors and seniors. Go to www.wie.umd.edu/precollege or call 301-405-3283

University of Maryland Young Scholars Program targets rising juniors and seniors who have a strong academic record and a desire to excel to experience college life while earning three academic credits. 14 courses are offered for three weeks from July 12 – 31, 2009. Visit www.ysp.umd.edu/pr

If you are or know adults between the ages of 18-31 with a high school diploma, the Federal Aviation Association is taking applications for air traffic controller school. We all have kids and know kids in the right age group (under 31) and with some effort they could reach a salary of over \$100,000 with benefits in about 3 years!. You need only a high school diploma to apply and credit is given for college on the exam. They need to go to http://www.faa.gov/jobs/job_opportunities/airtraffic_controllers/ for details and to fill out the application immediately - even if they don't know if! they'd want to attend immediately - it's the federal government and it may take them months to call.

There will be a lot of retirements coming up rather quickly and they need! to line up training to accommodate these openings. It's my understanding that the FAA rarely has an open application such as this and that the jobs are coveted. The person who shared this has a 28 year old daughter who is well into 6 figures and has plenty of time for travel/recreation and has started another career on the side. This is a great opportunity and it should be noted that choosing a site like Anchorage or Indianapolis to train is a likely acceptance into the training program - after-which you can transfer anywhere in the country that has a tower. I hope you pass this information on to family, friends, etc.

The Office of Law Enforcement/Federal Air Marshal Service (OLE/FAMS) is now seeking individuals to become Federal Air Marshals (SV-1801-G) at six different field office duty locations (Atlanta, Chicago, Los Angeles, Newark, N.J., New York, and Washington) throughout the United States. Vacancy announcements for each of the locations were posted online and will remain open until February 17, 2009.
